At the heart of Pharma

We believe in relationships that...

01. **Inspire innovation**
02. **Enable collaboration**
03. **Drive change**

Championing innovation

Our community drives change within pharma and aims to improve the supply chain. We integrate events with digital solutions that champion innovation and have the ability to improve human health worldwide.

At the heart of Pharma

We have been at the heart of pharma for over three decades, making connections, growing a community and unlocking business opportunities for our customers. From creating the largest and most sought-after event in the pharma world, we have evolved to also offer data-driven digital solutions.

In-person and online

As the physical and digital worlds become even more intertwined, so do our solutions. Our integrated offering enhances our core events and creates a continuous dialogue across the global supply chain.

CPHI values

A global brand leader

Everyone working in pharma plays their part in improving the world's health while building sustainable businesses. We believe real progress only comes from effective collaboration, and by learning, connecting and developing across people, places and products.

Actively inspiring proactive partnerships

At the beating heart of a dynamic industry, we create more connections and, critically, we make them count. From expanding our 'go-to' events and conferences, to growing our online community and providing data-enabled marketing solutions, we're activating more potential by pushing the boundaries of opportunity, sustainability and growth.

Our commitment to sustainability

1.

Running an **environmentally responsible** event

2.

Running a **socially responsible** event

3.

Inspiring **sustainable development**

It's our ongoing mission to embed sustainability into everything we do and create a space for the industry to have conversations that enable learning and progress.

From our operations and business practices, to the knowledge and information we provide to our customers and communities, we're committed to making a positive impact.

Beyond our responsibility to make our events as sustainable as possible, we also support the pharmaceutical community in becoming more sustainable as an industry.

Through connecting stakeholders, championing best practice and curating expert content, our aim is to help advance innovation and solutions led actions to tackle the big challenges in our sector.

Forging meaningful partnerships

We are committed to building vibrant communities within the pharma industry.

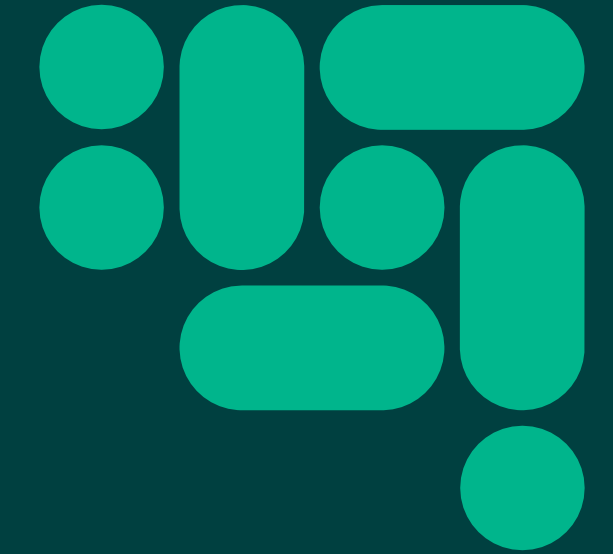

Our mission is to forge partnerships that create two-way relationships, delivering substantial value to all involved. We believe in the power of collaboration to enhance learning.

Our partners gain access to valuable networks, facilitating an ongoing exchange of ideas to foster innovation, collaboration and advancements. Through strategic alliances, we aim to create more focused networking opportunities with industry thought-leaders, providing a platform for meaningful connections and knowledge exchange.

We understand that true partnership is about mutual growth, and we are dedicated to cultivating relationships that contribute to the success of our partners and the entire pharmaceutical community.

What our community has to say...

“CPHI has been a must-attend event for me for 17 years. This is a unique opportunity to meet new contacts and reinforce existing relationships.”
